ABOUT RIPTIDE SOFTWARE

A Firm Foundation

Riptide is a leading provider of cloud computing and on-demand technology consulting, professional services and development. Our team of certified technology experts harnesses the power of the Internet by leveraging the latest in cloud computing and on-demand technologies. Our technology partners include all major providers of cloud platforms and services such as: Salesforce.com, Google Apps, Amazon Web Services (AWS) and Microsoft.

Why choose Riptide?

1. Reputation & Accountability

- » Three consecutive recognitions Deloitte Technology Fast 500™
- » 90% of our customer relationships last longer than five years

2. Flexible & Adaptable

- » Clients have full control over their system throughout its entire life cycle
- » SaaS or On-Demand software functionality greatly reduces start up costs and lead times

3. Vendor Neutral Process

- » Riptide partners with several core IT technologies focusing on best process practices
- » Clients existing infrastructure is leveraged whenever possible

4. An Open Communication

- » Absolutely understand the true transparency and accuracy of total costs very early in the business analysis phase
- » ROI of our customers is as important as the success of the software we build and deploy

5. Implementations Built to Last

- » Built by us, but made for you in your IT world
- » We use existing infrastructure and legacy applications that can be changed on the fly without the need for custom code

ABOUT JOBSMYWAY.com

Founded in February 2009 JobsMyWay.com is a premier global provider of On-Demand recruitment-based technologies with a commitment to providing employers and job seekers the tools they need to connect. The company develops technologies that facilitate the identification of job related skills and information that are used to give an exact match of all open jobs throughout the social and business environment. The digital mapping of people's real-world, real-time skills and experience make it possible to identify employment matches instantly.

OUR GLOBAL FOOTPRINT

Our clients rely on our broad global network of integrated solution centers and capabilities to manage their multi-national processes with greater efficiency, cost reduction and time to market.

Through this network we can deliver our products and services with global reach, while providing worldwide infrastructure on a local basis. We have support centers in, North America, UK, Philippines and Australia.

THE CLOUD

In general, our cloud-computing environment will act as an accelerator for clients, enabling them to innovate and compete more effectively. With elastic and theoretically unlimited IT resources on tap, our clients no longer have to wait for the provisioning of resources or worry about project delays. By tapping into our presence on the cloud, our clients can quickly enter new geographical markets or launch new products or services in existing markets.

Success. Guaranteed.
